

Welcome to VitreTech

Vitre Tech Distributors is a Montreal based, independently owned and operated distributor of automotive glass and related tools and accessories. Strategically placed, our distribution center covers the greater Montreal area and surroundings where we offer free local delivery service as well as regional shipping services. As a wholesale business with no retail affiliation, we are not competing against our! We have built a reputation of offering competitive prices on quality aftermarket brands.

Since the opening of our distribution center in St-Laurent, Quebec we have focused on being a leader. We listen to our customers and are constantly working to meet their needs by providing the best quality products, competitive prices and personalized customer service that only an independent distributor can offer. Our Distribution Managers are experienced professionals and real decision makers. Their attitude is "take care of the customer... worry about the rest later".

We take pride in being a full-service supplier for the auto glass professional. We proudly offer products from the best names in the industry. Our warehouses stock products from industry leaders. In addition to our impressive assortment of top-brand automotive glass, we stock the region's largest selection of tools and installation accessories.

Our unique approach as a distributor separates us from our competitors by featuring showrooms in our distribution center where we display our huge assortment of professional tools and accessories from the leading industry names.
