

Installation

At Vitre Tech, our goal is to provide our clients with professional service, consultation and expert advice. We pride ourselves on our years of technical and customer service experience, but most importantly our commitment to our clients!

Our state of the art equipment and trained auto glass technicians work hard to provide you with the following services:

- We Provide and install original manufacturer quality or better auto glass.
- We stand behind our auto glass replacement and repair work with our lifetime warranty for workmanship and leakage
- We step you through the insurance claims process with your insurance company when filing your auto glass claim.
- With our mobile service our professional auto glass installation technician will visit to a location and time convenient to you to repair your windshield.
- When you contact us about your broken auto glass or cracked windshield a friendly customer service representative will step you through a process to have your car restored to factory specifications or better.
