

Distribution

At Vitre Tech Distributors, we believe in offering the highest quality products at competitive prices. As an independent distributor, we are not bound to a single product line or manufacturer and proudly distribute products from the largest and most reputable manufacturers in the world.

We constantly scrutinize our product offering to ensure that we are providing the highest quality products available for the auto glass professional. Over the years we have listened to our customers and have responded by providing their preferred products whenever possible.

As some have made cuts in quality and service in order to maintain their competitiveness, we have consistently improved in those areas to now be one of the leading distributors of aftermarket automotive glass and accessories in the region.
